SOFTWARE-AS-A-SERVICE

Software solutions that address the ESG software requirements of our clients, combined with industry knowledge, technology expertise, and unique architecture.

Supported by our SaaS services, we help our clients in managing data for their monitoring and evaluation activities.

DATA-AS-A-SERVICE

LEARNING TECHNOLOGY

We co-create and implement tools that facilitate social or independent learning in formal, informal or non-formal forms.

Integrated and customizable IT solutions based on the unique enterprise requirements of our clients.

BESPOKE SOLUTIONS

GLOBAL DEVELOPMENT SAAS/DAAS

We combine expertise in data management, Artificial Intelligence, and software development to define measurable indicators, assess progress and evaluate the impact of global development projects, programme and investments.

DATA ASSURED

We have **over 30 years of experience** in **removing data entry, research, and encoding-related burdens** for our clients.

You know your data, we know how to maximise it.

Impact Sourcing

Data Reconciliation

With our ambition to deliver **reduced costs** and **vastly improve data quality, reporting, governance, and optimised processes**, this means no more of those weekly data headaches.

As we are trusted by dozens of Global Brands, as well as various UK SMEs, **they use us primarily for efficiency and quality gains**, with the **ability to scale**.

It allows our clients to **focus on building their business by releasing their non-core activities to us**.

A COMPLETELY OUTSOURCED DATA OPERATIONS DEPARTMENT TO MAKE THINGS HAPPEN

26 YEARS of Partnership with an **S&P500 Logistics Company** with **1.94B transactions** since 2015

50,000 USERS of data and software solutions

10,000 client licenses/accounts

Over 30 MILLION business process transactions/month

MAKING **AN IMPACT**

Our **Impact Sourcing** initiative empowers deserving individuals from vulnerable communities, so they can build a rewarding career in **ADEC Innovations**, and consequently improve the quality of their lives.

This initiative is grounded by the fact that talent is equally distributed, but opportunity is not. **ADEC Innovations** partners with clients and global organizations to advance Goal 8 of the Sustainable Development Goals: providing decent work and economic growth.

Beyond meeting clients' expectations, our partnerships are improving lives. Not only does this initiative lower costs and attrition rates dramatically, but it also builds a culture of commitment and productivity into the workforce.

With our commitment to sustainability across our portfolio of companies, and in every aspect of our business, we create value with our partners beyond just the performance metrics.

CERTIFIED AND RECOGNIZED

At its core, **ADEC Innovations** provides assurance solutions leveraging our process and technology platforms and deep expertise in the markets we serve.

ADEC Innovations adheres to the strictest ISO and international business standards.
